

SOIL APPLICATION - DRIP SYSTEMS AND DRIP TAPE

General Information

GENERAL INFORMATION

WN GOLD LABEL BRAND PHOSPHATE BOOSTER is a new formulated fertilizer which allows PHOSPHOROUS to move freely in the soil. The fertilizer is protected by natural carriers developed by Western Nutrients Corporation.

GOLD LABEL BRAND PHOSPHATE BOOSTER is a complex formulation allowing quick movement of nutrients in the soil and promoting RAPID ABSORPTION of nutrients through the root system.

WN GOLD LABEL BRAND PHOSPHATE BOOSTER is designed to promote healthy seed and root development as well as a strong and healthy cell structure by providing a fast method of increasing PHOSPHOROUS levels in the plant during critical growing periods.

GENERAL USE

WN GOLD LABEL BRAND PHOSPHATE BOOSTER can correct nutrient deficiencies under many soil conditions ranging from high organic matter (clay) to very low organic matter and from strong acid soils (pH 3) to high alkaline soils (pH 8.5) containing calcium carbonate free lime. GOLD LABEL PHOSPHATE BOOSTER can be used on most crops.

GOLD LABEL BRAND PHOSPHATE BOOST-ER is unique because it can be incorporated in all types of fertilizer applications. The GOLD LABEL Brand product can be banded, side dressed, applied through drip systems, sprinklers and foliar applications.

WN GOLD LABEL BRAND PHOSPHATE BOOSTER is designed to FORTIFY, PRODUCE SET and HOLD.

Limitations, Restrictions, and Exceptions

SOIL APPLICATION - DRIP SYSTEMS AND DRIP TAPE

1 - 4 quarts (1 - 4 liters) per acre, application depending on the crop and its growth stage. If a pre plant fertilizer is used, a total of 2 - 5 gallons (8-19 liters) GOLD LABEL PHOSPHATE BOOSTER is recommended. If a pre plant fertilizer is not used a total of 5 -10 gallons (19 - 38 liters) per acre throughout the growing season is recommended.

If soil and petiole tests show a deficiency in micro-nutrients, WESTERN NUTRIENTS START-UP line should be added to GOLD LABEL PHOSPHATE BOOSTER. START-UP chelated micronutrients should be added at the rate of 1/2 pint per gallon (¼ liter per 4 liters) of GOLD LABEL PHOSPHATE BOOSTER. If a number of micronutrients are deficient do not exceed 1 pint (½ liter) Start-Up products per gallon (4 liters) of GOLD LABEL PHOSPHATE BOOSTER. For best results to obtain additional micronutrient boost use WESTERN NUTRIENTS' NUTRAPLEX or MICRO PLUS FOLIAR LINES of products.
