

## **AERIAL APPLICATION**

### General Information

#### GENERAL INFORMATION

CM LIQUID IRON 5% is formulated for tree nut crops as well as field, vegetable, row, fruit, tree, vine, ornamental and turf crops.

CM LIQUID IRON 5% may be applied through drip systems, aircraft, or by ground sprayers (high-volume or low-volume).

CM LIQUID IRON 5% may be applied alone or with fertilizers or pesticides. It can be applied either to the plant foliage or to the soil.

CM LIQUID IRON 5% is compatible with most pesticides and fertilizers. However, a compatibility test is recommended if the desired combination has not been used in the past.

#### DIRECTIONS FOR USE

Always add this product to spray tank before adding a pesticide.

#### Limitations, Restrictions, and Exceptions

##### Aerial Application:

Apply 1 quart of this product per 5 to 10 gallons of water per acrw. A concentration of 1 quart per gallon of spray may be used.
