

SOIL APPLICATIONS FOR ALL CROPS - MILD DEFICIENCY

General Information

General Information

BRANDT ORGANICS 4% Mg is recommended to prevent and correct magnesium deficiencies of field, row, vegetable, fruit, tree, and vine crops. Applied alone, with pesticides, or with other fertilizers, this product may be applied directly to the soil or to the foliage of growing crops via ground sprayers, aircraft or fertigation systems.

Limitations, Restrictions, and Exceptions

Soil Application: The lower rates are for field, row and vegetable crops. The higher rates are for fruit, tree, and vine crops.

Fertigation: Apply the recommended amount of product in split applications 1-2 weeks apart throughout the growing season.
