

SPOT-TREATMENT per 1 gallon spray volume

General Information

GENERAL INFORMATION:

AQUA-ZORB CA is a nonionic surfactant which will improve the effectiveness of ORNAMEC OVER-THE-TOP GRASS HERBICIDE sprays by providing more uniform coverage and will increase contact activity and aid in penetration.

Limitations, Restrictions, and Exceptions

SPOT-TREATMENTS — Mix AQUA-ZORB CA with the ORNAMEC OVER-THE-TOP GRASS HERBICIDE and water solution according to the amount shown in the chart of the label. Spray to obtain thorough coverage. Re-treat if necessary. See ORNAMEC labeling.
