

BROADCAST TREATMENTS

General Information

GENERAL INFORMATION:

AQUA-ZORB CA is a nonionic surfactant which will improve the effectiveness of ORNAMEC OVER-THE-TOP GRASS HERBICIDE sprays by providing more uniform coverage and will increase contact activity and aid in penetration.

Limitations, Restrictions, and Exceptions

BROADCAST TREATMENTS — Use 4 fluid ounces (fl. oz.) AQUAZORB CA per 12 gallons of ORNAMEC spray solution. See ORNAMEC labeling.

Refer to labeling for ORNAMEC OVER-THE-TOP GRASS HERBICIDE for precautions and complete use directions in making ORNAMEC applications.
