

APPLICATION BY MEANS OF IRRIGATION WATER

General Information

GENERAL INFORMATION

LEAF LIFE 4% Magnesium Solution is a concentrate single element product designed for use as a foliar or soil applied nutrient on organically grown crops as part of a balanced nutrient management program.

PRECAUTIONS

A compatibility test is recommended before tank mixing with other products. User assumes full responsibility to ensure product equipment and plant compatibilities.

Limitations, Restrictions, and Exceptions

DIRECTIONS FOR APPLICATION

LEAF LIFE 4% Magnesium Solution may be applied to soil or growing crops by means of irrigation water. Rates may vary from 2 to 8 quarts per acre depending on placement, stage of growth, and crop sensitivity.
