General Information

GENERAL APPLICATION RESTRICTION:

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Limitations, Restrictions, and Exceptions

APPLICATION FOR CITRUS:

For pack-out wax:

Use three bags of 575 grams each (or equivalent) of Decco Salt No. 19 in 130 gallons of wax to give a concentration of about 3500 PPM TBZ. Apply this mixture by spray at a rate of 1 gallon to 8,000-10,000 lbs of cleaned citrus fruit.
