

# **NURSERY AND CONTAINER**

## General Information

### PRODUCT INFORMATION

Organic BioLink Cal-N is a liquid plant food containing nitrogen and calcium which are crucial for plant development. Calcium is essential for cell wall structure and membrane permeability and, along with nitrogen, plays an important role in root, shoot and fruit development.

Organic BioLink Cal-N is suspension design to improve nutrient availability and uptake by plant roots and leaves, and to provide a fast method of boosting plants under nitrogen and calcium deficiencies.

Limitations, Restrictions, and Exceptions

### DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING.

Nursery & Container: 1 to 2 ounces per gallon of water; apply to plant foliage to run-off or as a soil drench, continue through the season as needed.
