

SOIL APPLICATION

General Information

GENERAL INFORMATION: 5X5 X-TRA is designed as a foliar spray on tree, row and field crops. It may also be used as a soil-applied product on various soil types. 5X5 X-TRA may be used to treat or prevent manganese deficiencies while providing a highly compatible source of manganese for tank mixes.

COMPATIBILITY: 5X5 X-TRA is compatible with most pesticides and fertilizers. However, a compatibility test is recommended if the desired combination has not been used in the past.

DIRECTIONS FOR USE

Apply with adequate water to provide optimal coverage

Limitations, Restrictions, and Exceptions

SOIL APPLICATION: Apply 1/2 to 4 pints per acre. Rates will depend upon the level of deficiency.

CONDITIONS OF SALE: Follow directions carefully. Timing and methods of application, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with the directions given herewith.
