

FOLIAR APPLICATION

General Information

GENERAL INFORMATION

CROP MIX MAN-ZIN is formulated for field, vegetable, row, fruit, tree, vine, ornamental and turf crops.

CROP MIX MAN-ZIN may be applied through drip systems, aircraft, or by ground sprayers (high-volume or low-volume).

CROP MIX MAN-ZIN may be applied alone or with fertilizers or pesticides. It can be applied either to the plant foliage or to the soil.

CROP MIX MAN-ZIN is compatible with most pesticides and fertilizers. However, a compatibility test is recommended if the desired combination has not been used in the past.

DIRECTIONS FOR USE

Always add this product to spray tank before adding a pesticide.

Limitations, Restrictions, and Exceptions

Foliar Application:

Apply 2 to 4 quarts/acre as needed on a 10 - 14 day schedule. When rates of over 2 quarts are required, split applications of 2 quarts or less can be used.

Avoid foliar applications of CROP MIX MAN-ZIN when plants are under stress due to lack of moisture.
