

## **FOLIAR APPLICATION**

### General Information

#### GENERAL INFORMATION

CM CITRUS MIX PLUS N is formulated for field, vegetable, row, fruit, tree, vine, ornamental and turf crops.

CM CITRUS MIX PLUS N may be applied through drip systems, aircraft, or via ground sprayers (high-volume or low-volume).

CM CITRUS MIX PLUS N may be applied alone or with fertilizers or pesticides. It can be applied either to the plant foliage or to the soil.

CM CITRUS MIX PLUS N is compatible with most pesticides and fertilizers. However, a compatibility test is recommended if the desired combination has not been used in the past.

#### Limitations, Restrictions, and Exceptions

##### Foliar Application:

Apply as needed on a 10 - 14 day schedule. When rates of over 2 quarts are required, split applications of 2 quarts or less are recommended.

Avoid foliar applications of CM CITRUS MIX PLUS N when plants are under stress due to lack of moisture.
