

DRIP IRRIGATION APPLICATION

General Information

GENERAL INFORMATION

Sorbi-Crop Mn 5% is formulated with Mannitol for increased uptake in foliar applications.

Sorbi-Crop Mn 5% is designed for field, vegetable, row, fruit, tree, vine, ornamental and turf crops.

Sorbi-Crop Mn 5% may be applied through drip systems, aircraft, or via ground sprayers (high-volume or low-volume).

Sorbi-Crop Mn 5% may be applied alone or with fertilizers or pesticides.

It can be applied either to the plant foliage or to the soil.

Sorbi-Crop Mn 5% is compatible with most pesticides and fertilizers. However, a compatibility test is recommended if the desired combination has not been used in the past.

CAUTION: Avoid co-application with phosphate-containing fertilizer solutions or highly alkaline fertilizer solutions.

DIRECTIONS

Add Sorbi-Crop product to tank after adding other tank mix products. Fill tank 1/3 - 1/2 full. Add pesticides, adjuvants, and other tank mix products. Add Sorbi-Crop product at recommended rate. Continue filling tank with water until full and agitate while filling until product is thoroughly mixed.

Limitations, Restrictions, and Exceptions

Drip Irrigation Application: Apply the suggested rate of this product in multiple applications 10 - 14 days apart throughout the growing season of the crop.

Method
