

SOIL APPLICATION - FOR MILD DEFICIENCY

General Information

GENERAL INFORMATION

GREEN PUSH is formulated for field, vegetable, row, fruit, tree, vine, ornamental and turf crops.

GREEN PUSH may be applied through drip systems, aircraft, or via ground sprayers (high-volume or low-volume).

GREEN PUSH is compatible with most fertilizers and pesticides, however, a compatibility test is recommended if the desired combination has not been used in the past.

CAUTION

This product contains boron, which could be excessive for some crops. Contact your local agricultural authority for information on specific crops.

DIRECTIONS FOR USE

Shake well before using.

Always add this product to spray tank before adding a pesticide.

Do not mix with dormant oils, lime-sulfur and/or highly alkaline spray materials
