

# TURF AND ORNAMENTALS

## General Information

### GENERAL INFORMATION

Hydra-Hume is designed for soil and foliar applications. Hydra-Hume can be applied 5-6 times during the growing season. Apply at no more than 3 gallons per application. Products containing humic acids, such as Hydra-Hume, may aid in the uptake of micronutrients.

### SUGGESTED DIRECTIONS

Hydra-Hume can be applied to trees, vines, ornamentals, lawns and garden landscaping.

### Limitations, Restrictions, and Exceptions

TURF AND ORNAMENTALS: Broadcast spray or inject into irrigation at 6 oz. per 1,000 sq. ft. 1 - 3 times during the season. Application is targeted at the soil but foliar contact is not detrimental. Mix with deep root injections at 1 gallon per 10 gallons of injection solution.
