

MEDIUM (30-50 PSI) - NOZZLE ORIENTATION FLAT FAN, FLOODING

General Information

GENERAL INFORMATION

PRO-MATE® ACCURACY is an effective, easy-to-use adjuvant for deposition improvement and drift retardation in spraying operations. PRO-MATE® ACCURACY is compatible with most water soluble and wettable powders, pesticides, desiccants and

cotton defoliants when applied by an aerial application or standard ground equipment.

PRO-MATE® ACCURACY, when used as directed in accordance with sound agricultural practices is in compliance with Federal Food and Drug Administration Regulations governing the cropland use of adjuvants and is exempt from tolerance requirements under

Title 40, Code of Federal Regulations 180.

DIRECTIONS FOR USE

PRO-MATE® ACCURACY MAY BE USED WITH PRODUCTS DESIGNED FOR THE FOLLOWING APPLICATIONS: AQUATIC, FORESTRY, INDUSTRIAL, NONCROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, AND TURF.

Important: Keep container closed in storage and do not allow water to come in contact

with contents until added to the spray solution. In case of contact with skin or eyes, flush

immediately with plenty of water.

Follow the recommendations of the most restrictive active ingredient label.

Tank mixtures should only be applied within the label recommendations of every product

in the tank mixture.

Step 1. Select correct dosage from chart below.

Step 2. Fill mix tank with water, pesticide and other additives and begin to agitate.

Step 3. SHAKE PRO-MATE® ACCURACY BOTTLE WELL BEFORE USING.

Step 4. For best mixing results, inject PRO-MATE® ACCURACY liquid into the

suction side of the feeder or recirculating pump to obtain adequate dispersion of the polymer throughout the pesticide solution, or slowly add PRO-MATE® ACCURACY liquid to the rapidly agitating tank mix in the area of highest turbulence by pouring a very thin stream.

Step 5. Continue to agitate mix tank for at least 2 minutes before spraying.

Step 6. Follow all cleanup precautions on label of pesticide used. Follow governmental procedures for disposal of pesticide spray solution.

May be used in aquatic applications; consult the relevant aquatic herbicide label for further recommendations.
