TURF GRASSES

General Information

Harvest Plus is formulated as a soluble concentrate that requires a minimum 1 to 10 dilution with water for all applications.

Harvest Plus is a fluid nutrient compound designed to prevent nutrient deficiencies in plants.

Harvest Plus is a valuable supplement to soil applied nutrients and is particularly beneficial under conditions where soil nutrients are not readily available.

Harvest Plus has a pH of 1 to 1.5. The use of buffering agents may result in crop damage.

Harvest Plus will disperse in water with little agitation. Many pesticides can be added and applied while spraying Harvest Plus.

1. Water

2. Harvest Plus

3. esticide
