

SOYBEANS

General Information

GENERAL USE INSTRUCTIONS

For best results, X- CYTE should be applied before noon or after 4 p.m. a spreader-sticker (surfactant) cleared for application to growing crops should be used with the product. Store X- CYTE in a cool place and out of direct sunlight. Any spigot or pump put into an X- CYTE drum should be cleaned with disinfectant (bleach and water, etc.) before using, unless the whole drum is to be used at one time. Mix X- CYTE with enough water to get thorough coverage of plant surfaces. X- CYTE is compatible with most other spray materials.
