

COOL SEASON TURF GRASSES

General Information

Amino Iron is designed to be the all around iron Ferti-Spray solution.

Add water first to tank or sprayer before adding product!

DIRECTION FOR USE and FOLIAR APPLICATION RATES

Add Grigg Brothers Ultraplex to any Grigg Brothers foliar application at the rate of 3 fl. oz. per 1000 sq. ft. Ultraplex contains micronutrients. Ultraplex is a unique Formula, no additional surfactant is required.

IMPORTANT: For best results apply as a foliar spray early in the morning or late evening. Allow to dry on plant 3-6 hours before irrigation. Apply with 1 -2 gallons of water per 1000 sq. ft.

Foliar fertilizer is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by turf grasses.

Limitations, Restrictions, and Exceptions

COOL SEASON TURF GRASSES

As a foliar, apply at the rate of 4-8 oz. per 1000 sq. ft. bi-weekly or 8-12 oz. per 1000 sq. ft. monthly as needed.
