

## VINE CROPS - SUBSEQUENT

### General Information

#### GENERAL DIRECTIONS

GAINER products are generally compatible with pesticides and other fertilizers. Determine compatibility with a jar test before mixing products.

CROPS NOT LISTED: Apply according to directions of your local agricultural professional to crops where the addition of phosphorus or potassium would be beneficial.

NOTE: This product is not recommended for use with copper or tin fungicides. These mixtures can be phytotoxic and damage the crop.

#### Limitations, Restrictions, and Exceptions

2-3 weeks following the second application, apply 8-10 lbs. per acre as needed.
