

FIELD CROPS

General Information

GENERAL DIRECTIONS

GAINER products are generally compatible with pesticides and other fertilizers. Determine compatibility with a jar test before mixing products.

CROPS NOT LISTED: Apply according to directions of your local agricultural professional to crops where the addition of phosphorus or potassium would be beneficial.

NOTE: This product is not recommended for use with copper or tin fungicides. These mixtures can be phytotoxic and damage the crop.

Limitations, Restrictions, and Exceptions

Repeat to new growth after each cutting.
