

# ONIONS, GARLIC

## General Information

### GENERAL DIRECTIONS

GAINER products are generally compatible with pesticides and other fertilizers. Determine compatibility with a jar test before mixing products.

CROPS NOT LISTED: Apply according to directions of your local agricultural professional to crops where the addition of phosphorus or potassium would be beneficial.

NOTE: This product is not recommended for use with copper or tin fungicides. These mixtures can be phytotoxic and damage the crop.

### Limitations, Restrictions, and Exceptions

Apply at 5 leaf stage and continue applications on a 14 day schedule through bulking.
