

TURF (COOL SEASON GRASSES) - LIGHT TO LOW RATE

Limitations, Restrictions, and Exceptions

TURF

Apply only as directed. Apply during the growing season.

Apply at the LIGHT to LOW RATE when temperatures exceed 85°F.

For all applications:

- Apply to dry foliage.
- Water in after application with a minimum of 0.2 inches to help move particles into the turf canopy.
- Do not collect clippings for at least one mowing following application to avoid particle pick-up.
