

## COOL SEASON GRASSES

### General Information

#### FEATURES & USE TIPS:

- Contains NS-52 coated slow release nitrogen to provide uniform growth with extended nitrogen feeding.
- SGN 215 for use on fairways, roughs and other turf areas.
- Twenty-one percent of total nitrogen derived from NS- 52
- Potassium source is potassium chloride

Refer to label for Spreader settings, application and instructions.

#### Limitations, Restrictions, and Exceptions

For all applications, apply to dry foliage. Water in after application with a minimum of 0.2 inches of water to help move particles into the turf canopy. Do not collect clippings for at least one mowing following application to avoid particle pick-up.

- Apply at the LOW RATE in the summer months or when temperatures exceed 85°F.
