

SPRING

General Information

PRODUCT INFORMATION

Converted Organics 4-1-8 is marketed as a natural, organic turf fertilizer whose active ingredients are derived from hydrolyzed food waste from microbial digestion, hydrolyzed feathermeal, and sulfur of potash. Converted Organics 4-1-8 has been formulated to provide an effective combination of slow and quick release organic nutrients suitable for application on all vegetable gardens, flower gardens, fruit trees, plants and shrubs. Converted Organics 4-1-8 is recommended for use as an organic alternative to synthetics or as a sustainable component in your current fertilizer program.

WARRANTY

Converted Organics Inc. makes no warranty or condition, express, implied or statutory, whatsoever, with respect to the product's condition, performance or its adequacy for the Purchaser's purpose or uses, which extend beyond the use of the product under normal conditions in accordance with the statements made on the label.

Limitations, Restrictions, and Exceptions

1 bag treats 500 sq ft. When plants start to yield, apply another 2 lbs per 50 sq ft.
