

ST. AUGUSTINEGRASS

General Information

DIRECTIONS FOR USE

Three Easy Steps to Use this Product

Step #1: Determine size of the job, measure the area to be treated.

Step #2: Use spreader setting chart to determine appropriate setting for your spreader.

Step #3: Treat as directed in rate chart. Thorough coverage is important. Water in granules where indicated.

Food utensils such as teaspoons and measuring cups should not be used for food purposes after use with pesticides.

Limitations, Restrictions, and Exceptions

ST. AUGUSTINEGRASS

Apply with a fertilizer spreader. See spreader setting chart on the label. Apply when grass is dry. Water lawn lightly after application.

Use Rate: For heavy lawns such as St. Augustine grass, the rate should be increased to 3 lbs. per 1000 sq. ft. (or 4.8 oz. per 100 sq. ft.).
