

HOUSE PLANTS

General Information

COMPATIBILITY: TRACITE GREENHOUSE FOLIAR 20-20-20 is compatible with most pesticides commonly used on turf and ornamentals. CAUTION: Do not use with Dormant Oil, Lime Sulfur, Spray Lime, or highly alkaline spray materials. Add TRACITE GREENHOUSE FOLIAR 20-20-20 to the spray tank or pre-mix tank when it is about half full. Agitation in the tank is preferred to increase the speed of solubility. When extremely cold water is used, allow a few extra minutes for the product to completely dissolve before spraying.

Limitations, Restrictions, and Exceptions

HOUSE PLANTS: Mix 1 standard level teaspoon in 1 quart of water. Spray on foliage or apply as a drench to soil twice monthly. For African Violet Culture: Apply as a drench to soil only.

Refer in the label for the Injection Ratios and Concentrations for Constant Feeding.
