

## **SOIL APPLICATION**

### General Information

POWER K 85% is a commercial fertilizer which also contains humic acid derived from leonardite. Leonardite results from the decomposition and compression of organic plant materials. Humic acid may aid in uptake of micro nutrients.

### Limitations, Restrictions, and Exceptions

#### SOIL APPLICATION

POWER K 85% may be mixed with liquid fertilizers or added directly to dry fertilizer. When using liquid fertilizers mix 1 - 3 pounds of POWER K 85% per acre.
